

Hand lifting unit

Manual fising of flat surfaces

Uplifter HP8

Art.-Nr.: 105505

- » Load max. 60 kg with double safety
- » For non-porous flat surfaces
- » Suction plate ø 204 mm, flat
- » Redline ring warns of potential vacuum loss
- » Handle metal
- » incl. plastic carrying case

Uplifter HP8A

Art.-Nr.: 105506

- » Load max. 50 kg with double safety
- » For non-porous flat surfaces
- » Suction plate ø 204 mm, flat
- » Redline ring warns of potential vacuum loss
- » Handle plastic ABS
- » incl. plastic carrying case

HS N 4950

Art.-Nr.: 100150

- » Load max. 57 kg with double safety
- » For non-porous flat surfaces
- » Suction plate ø 204 mm, flat
- » Redline ring warns of potential vacuum loss
- » Handle metal

HS N 4000

Art.-Nr.: 100149

- » Load max. 57 kg with double safety
- » For non-porous flat surfaces
- » Suction plate ø 204 mm, flat
- » Redline ring warns of potential vacuum loss
- » Handle plastic ABS

HS N 5450

Art.-Nr.: 100295

- » Load max. 68 kg with double safety
- » For non-porous flat surfaces
- » Suction plate ø 230 mm, flat
- » Redline ring warns of potential vacuum loss
- » Handle metal

HS N 6450

Art.-Nr.: 100151

- » Load max. 79 kg with double safety
- » For curved load min. Radius 330 mm
- » Suction plate ø 254 mm, concave
- » Redline ring warns of potential vacuum loss
- » Handle metal

Electric Vacuum Grabber Uplifter "Grabo"

Art.-Nr.: 106596

- » Suction on smooth surfaces
- » Holding force up to 170 kg
- » Grip safe plastic handle
- » Weight 1,5 kg
- » Operating time: 1,5 hours

Electric Vacuum Grabber Uplifter "Grabo PLUS"

Art.-Nr.: 106676

- » Suction on smooth surfaces
- » Holding force up to 170 kg
- » Grip safe plastic handle
- » Weight 1,5 kg
- » Operating time: 1,5 hours
- » with vacuum indicator
